## The A2E Program

Access to Employment (A2E) is a training program designed to help under and unemployed individuals in Northeastern Connecticut find and maintain successful employment in specifically identified job openings.

We also offer one-on-one sessions with a case manager to ensure long-term success. Access to Employment closes gaps and barriers that prevent or complicate successful employment while simultaneously supporting local businesses and industry.

## Information for Employers

The ultimate goal of A2E is to connect local employers with qualified job seekers as a means to foster mutual success.

If you are an employer interested in hiring A2E graduates, please refer to the contact information on the flip side of this document.
